Counsel –

Here is the link through which you can access a fourth production of documents from Aukey.

This batch completes the production of documents gathered from Aukey using the agreed ESI search terms. The password remains the same as for the previous production. Please contact us if you have any problems accessing the documents.

Subject: RE: AUK_PROD-HK-02

Hello All –

I have just learned that I inadvertently sent the incorrect link. Here is the link through which your team can access the second batch for Aukey documents:

https://sharena.fticonsulting.com/files/path/Project+Jockey+%28Third+Party+Production%29/AUK_PROD-HK-02.zip

The password remains the same.

Best regards –

Subject: RE: AUK_PROD-HK-01

Dear All –

Below is a link to the second batch of production files for the Aukey documents, which have been uploaded onto the FTI file sharing site. Kindly use the link below to access. The password to unzip the file is same as previous one, but I will resend it in a separate email.

https://sharena.fticonsulting.com/files/path/Project+Jockey/Client+Upload/Project+Jockey_PROD-HK-02.zip

Within this zip, you can find the production files, a production loadfile (with necessary metadata field added) and an image loadfile (.opt). The BATES Range of these documents runs from Aukey-001506 to Aukey-003330 (they continue from the last production). In this production set, there are no excel files or technical issue documents that are unable to convert to image, and therefore all produced documents are in .tiff format.

We will have at least one more batch of documents to you in the near future.

Best Regards -
